This is a three venue event with exhibition, artist talks, demos and dance party all within the same block.
We want your work represented and look forward to seeing your submissions!

Thank you,
PNWS IS Day Committee

About International Sculpture Day
Founded in 2015 by International Sculpture Center (ISC), International Sculpture Day, or IS Day, is an annual celebration event held worldwide the week of April 24th to further the ISC's mission of advancing the creation and understanding of sculpture and its unique, vital contribution to society. Up to 300 artists and organizations in 20 countries are expected to celebrate with artist talks, open studios, unveilings, sculpture scavenger hunts, pop up exhibitions, demonstrations, iron pours, plus much more. sculpture.org

This is PNWS's second year participating in this international event.
